

Workplace Education Program

by Douglas Boncosky

Add Value to Your Employees by Raising Your Employees Financial IQ

Provide Your Employees with a Reliable Source of Information and Education for the purchase of and refinance of their homes

In today's competitive marketplace, it's challenging to provide a complete resource of benefits to **attract and retain quality employees** in small to mid sized organizations. Many organizations are in a position to take away value from the benefit packages being offered. To answer this need to **add value without cost** to employees, I have created the [Workplace Education Program](#).

Financially healthy employees are more productive employees as the stresses of family life are reduced. The [Workplace Education Program](#) is a financial education program with the primary emphasis on mortgage education. Your organization will shine as you will be providing your employees a reliable source of information and education for the purchase of and refinance of their homes.

The exclusive benefits of my Workplace Education Program include:

- ◆ Speaking subjects on: First Time Home Buyers, Mortgage Management, Mortgage Planning
- ◆ 1 Hour Lunch & Learns or other time frames
- ◆ Customized training & education programs
- ◆ Educational material to take home
- ◆ Complimentary Pre-Approvals
- ◆ Complimentary Credit Report
- ◆ Complimentary Home Appraisal (reimbursed at closing)
- ◆ Discounted Home Inspection from my preferred inspector
- ◆ Discounted Attorney fees from my preferred attorney
- ◆ Guaranteed Closing Costs - I ensure there will be no surprises at the closing
- ◆ Other ongoing educational programs

Frequently Asked Questions

Is there a contract or cost?

No, there is no cost to have me come in and speak. I take care of all the details in providing the flyers, posters and copy to let your employees know about the event.

What benefit is there to my employees?

There are significant benefits for employees with the two primary benefits being 1) significant savings in overall costs to purchase or refinance from partner discounts. 2) a reliable source of education from training workshops.

Are my employees required to use your services?

No, not at all. The primary focus of my program is to raise the financial IQ of your employees. Should one of your employees choose to use my services, they will receive the value added benefits.
